

### Current route

The buses currently turn left at Van Ness and then right onto North Point. They enter the city in the morning on Beach Street and leave the city in the afternoon along North Point.

We suggest that these lines running on North Point and Beach should instead go right at Van Ness and then onto Broadway toward the terminus.

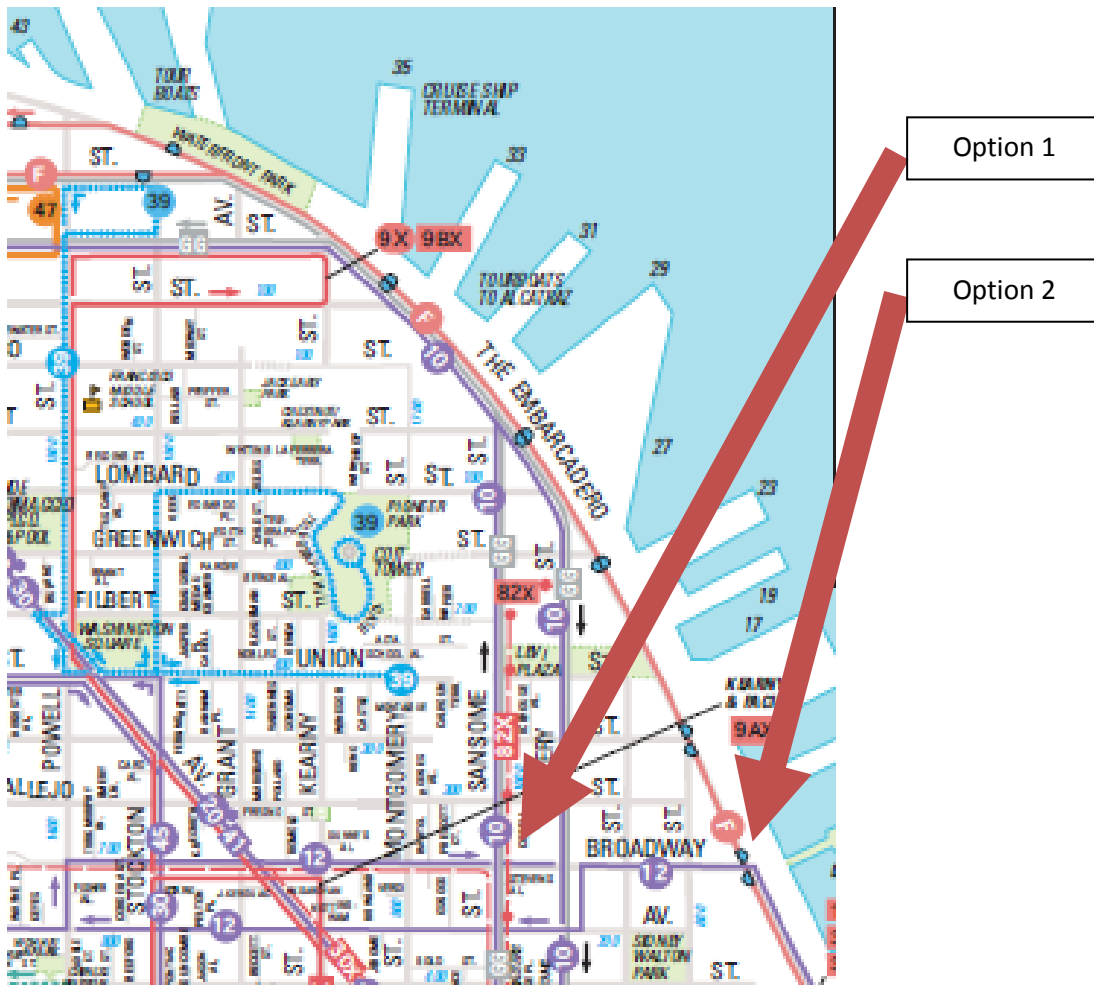

Existing route along Beach and North Point

Solution: Re-route buses along Broadway. See below for relevant MUNI connections.

Current GGT route

## Solution

At Broadway and Sansome, commuters could take the MUNI 10 lines towards Fisherman's Wharf (option 1). Or, another option would be for them to take the MUNI F line at Broadway and the Embarcadero (option 2).
